'CSOE are the tools by which we stand or fall as Five Element practitioners. From years of working closely with patients, students & graduates, I have developed a way of sharing CSOE that is fun, simple, achievable and repeatable in the treatment room.' Niki H. Bilton

Venue: Crossings Healing & Wellness, 8720 Georgia Ave #300, Silver Spring, MD 20910

Timing: Registration 9.00am–9.30am. **Class** 9.30am-5.30pm daily.

PDAs: This course has been approved for 18 PDA points from the NCCAOM (provider #807) and is pending approval by the California Acupuncture Board for 18 hours of continuing education in Category 1 (provider 417).

CSOE all give the same message and are produced by the directional energetics of each element. As practitioners we need to develop the four examination skills (to see, hear, palpate and inquire) in order to both assess the health or distress of each of the five elements and to evaluate the effects of ongoing treatment. This workshop provides a rare opportunity to compare and contrast a width of CSOE and to receive extensive tutor feedback.

Spend Time with Color: Look at groups of faces for each color (noting the similarities and differences).

Spend Time with Sound: Move to the energetic rhythms of the Five Elements! Listen to recorded and live voices to bring out the five sounds. Learn how to work with your own voice to convey the five sounds to patients.

Spend Time with Odor: In specially created tents, experience and recognize the environment of the odors.

Spend Time with Emotion: Create the healthy five wills of life (emotions) inside yourself in a safe environment. Learn easily to invite your patients into each emotional atmosphere, to enhance your diagnosis and your subsequent interactions.

Registration requires payment in full to be received prior to March 30th to obtain the discounted fee, or before the deadline of 25th May. Please send a cheque, made payable to TendingShen, to Julie Lawson (Registrar) at 266 Elmwood Ave #812, Buffalo NY 14222.
